

When you enter through the gate, look at the monument. This is your first stop. Look at the boards between the stones and find out how many names there are on it:

17					
----	--	--	--	--	--

They are names of students and teachers who died during wars.

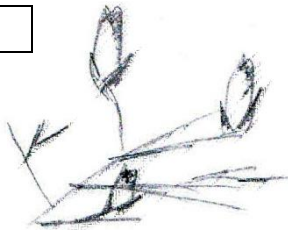

Now look for the second task. Follow the path between two rows of hedges. Go towards north-east and find a large tree. If you're lucky enough to be there between April and May you will be delighted with beautiful white-pink flowers.

This is

		13			2	
--	--	----	--	--	---	--

our school miracle.

Now look back. Near a round lawn, search for garden lamps. A small monument stands next to one of them. It talks about the story of the Pole –

	11				
--	----	--	--	--	--

				6				10
--	--	--	--	---	--	--	--	----

who was killed in Kharkiv with a shot in the back of the head. This small boulder keeps the memory of this man and the people who died in the crash of the presidential plane in 2010 in Smolensk.

Then go towards the entrance of the school building. The school began its activity in 1906. It educated students in agricultural studies for many years. The patron of the school is the one who "stopped the sun, moved the earth". Look at the board by the door and you can see his head, it is:

				18		
--	--	--	--	----	--	--

Have a look at the garden, follow the path on the left, you will encounter many trees along the way. Oaks, larches, linden and spruces. In their crowns you will hear wonderful birds chirping.

Look on the right. In the shade of trees, in the ground there is a building made of bricks. You have reached the place called

a

	12			4	
--	----	--	--	---	--

It was used to store food. This place is located among the linden trees which, when they bloom, lure many bees with their nectar.

The next task is to find a nature monument by the southern wall of the school. This tree has characteristic leaves, which resemble little fans, and become yellow in autumn. You will recognize them in spring, in summer, in winter -

7				
---	--	--	--	--

5				
---	--	--	--	--

is its name.

There is a friend next to it – someone might say: it's completely bare, because it loses its bark.

The appearance of its change is reflected in a camo colour, it may look like a soldier guarding the park. This is a huge tree:

		8				
--	--	---	--	--	--	--

x

				9		
--	--	--	--	---	--	--

Now you will come back to school - you will find the second door on the east side. On the escarpment along the road there are

14					
----	--	--	--	--	--

--	--	--	--	--	--	--	--	--	--

They guard students before exams. They have beautiful white flowers.

Walk to the end of the stone path until you reach the corner with an interesting tree. With a bit of luck you will see its flowers resembling tulips.

That is:

1					16				
---	--	--	--	--	----	--	--	--	--

					3		15
--	--	--	--	--	---	--	----

This is the end of the walk in the school garden, now get the stamp in the school office. Go upstairs, say the quest password – Well done!

If you liked it here, tell others about us so that they could come and see the park and the school. It was very nice to have you in the old village of Milocin in the school with traditions.

Quest - expedition of explorers „Treasure of the old Milocin”

Quest Authors:
teachers: Joanna Bułat, Małgorzata Wanat
students: Katarzyna Falandysz, Jakub i Maciej Rykiel
english version: Joanna Bułat, Katarzyna Stęchly

drawings and photos were created by –
students landscape architecture technician

We would like to invite you to wander in the footsteps of old Milocin. A trip to hunt the treasure will enable you to get to know natural qualities of the garden of the school in former Milocin and an extraordinary history of this place. The Agrobusiness Schools Complex is located in Milocińska 75 Street in Rzeszów. You can get there by MPK bus lines 18, 19 and 24, by car or on foot.

A walk through our garden begins at the monument of Our Lady in honor of the students and teachers who died during both world wars. During the walk, the tourist’s task is to enter the proper words on the quest based on gained information and find out what the final password is.

Schools of Agrobusiness
name of Nicolaus Copernicus in Rzeszów
Milocińska 75 street
35-232 Rzeszów,
secretariat: 17 748 15 50

**The quest was created as part of the projects:
"Tree Day - among fields" and "Towards a better future with professional school staff – preventing early school leaving".**
